THE COURSE OF STUDIES

LEARNING TOOLS

Resource Guides

These accessible, student-friendly textbooks teach each subject from the ground up. Each resource guide is authored by an experienced curriculum expert and carefully reviewed for accuracy and ease of use. We publish separate resource guides for the Novel and the Shorter Selections. Published in every event, including speech, interview, and essay. Resources also feature illustrations, timelines, maps, and independent research.

Workbooks

Workbooks turn learning the curriculum into a more interactive experience than just reading guides and taking tests. Each workbook is a collection of exercises focused on the official curriculum. Students work through the exercises on their own or in small groups.

Power Guides[®]

These review guides are written exclusively by former Decathletes who scored over 8,000 and often 9,000 points. They outline every testable fact in each subject and include extensive glossaries and lists of every term, person, date, place, and more in the curriculum.

Cram Kits[®]

These emergency kits are perfect for the last minute. They use a friendly table format to review the most key concepts and frequently tested details in every event. Each concludes with a super-efficient “crunch kit” listing high, medium, and low priority facts by category.

CLASSIC TESTS

Focused Quizzes

Focused quizzes divide each event into a series of small subtopics for convenient testing and review. We publish 30 to 60 focused quizzes per event, including special quizzes on independent research areas.

Section Exams

We divide each event into sections based on the curriculum outline, then provide a full length exam on each section. Use them to assess progress in certain areas or even to help select your team. We publish 3 to 7 section exams per event.

Comprehensive Exams

Our full-length comprehensive exams are modeled directly after those students will take at competition. Perfect for assessing where your team stands and how to allocate study time. We publish 10 per event.

Leveled Exams

Leveled exams are just like comprehensive exams, except designed at specific difficulty levels. Use the easy ones early in the year and the hard ones at the end. We publish 3 per event: one easy, one medium, one hard.

Answer Explanations

Every DemiDec quiz and exam comes with a complete set of answer explanations. That way, students don't just find out what they got wrong—they learn from their mistakes. All answers also include source notes.

**The Course of Studies features over 13,500 test items
and access to online testing at www.demidec.com.**

UPGRADES & BOOSTERS

FLASHCARDS

2,500 Super Quiz Flashcards

1,500 Science Flashcards

1,500 Music Flashcards

1,500 Art Flashcards

1,500 Literature Flashcards

1,200 Economics Flashcards

300 Math Flashcards

Flashcards drill all testable details in the curriculum. Each event comes in a different color for ease of use. All flashcards also include access to DemiCards, our classic flashcard software, and to the dynamic new Funnelbrain online environment, which tests students more often on the cards they haven't learned yet.

POWER EXAMS

Power Section Exams

The Power Section Exams are the more challenging counterparts to our classic section exams. We publish 3 to 7 Power Section Exams per event.

Scimitar Exams

These "Power Comprehensive" exams are the most challenging in our lineup. They simulate the competition in content and coverage, but at a much higher level. We publish 5 Scimitar Exams per event.

CURRICULUM BOOSTERS

Giant Map with Curriculum Info

Our special wall map of France and the Revolutionary Era is filled with testable facts from the curriculum. Size: approximately 4 feet by 6 feet. Also includes 10 student copies.

Super Quiz Voice Recording

Learn the curriculum by listening to it. This custom "podcast" offers a lively new way to commit the curriculum to memory.

DemiDanger

Play this PowerPoint-based quiz show as a team. Guess the questions that match the answers! Great for review.

Complete Practice Competitions

Each set includes a full-length exam in each event, a Super Quiz relay, and essay and impromptu topics. Exams look just as they will at competition.

Super Quiz Relay Tests

Simulate the competition with 20 full-length PowerPoint Super Quiz relays.

Music Listening Quizzes

Build recognition skills with 15 tests based on excerpts from this year's music.

PowerPoint Lectures

Teach the curriculum subject by subject with custom lecture slides and notes.

Practice Essay Prompts

Prepare for this unpredictable event with 100 competition-style topics: 50 in Super Quiz and 50 in Literature.

Mixed Event Relay Tests

Great for team practice sessions! These 10 relays include questions from Art, Music, Lit, Social Science, and Econ.

Three-Category Impromptus

900 impromptu topics color-coded by category so you can easily assemble competition-style sets for speakers.

Super Quiz Screenplay

Add plot, characters, and dialogue to the curriculum! Perform as a team.

ABOUT DEMIDEC

DemiDec was founded in 1994 by a national champion Academic Decathlete from Southern California. Since then, we have been privileged to supply our independent Academic Decathlon curriculum materials to over one thousand teams around the country. We also organize the World Scholar's Cup, a new international academic competition. Twenty countries will compete at our third World Finals, in Singapore this June.
